Personal Profile

A Bachelor's student at the Sal college of engineering, undertaking the Computer Engineering course. Primarily interest in, Machine Learning and data analytic.

Education

Sal college of engineering

BE, Computer engineering

- CGPA: 8.09/10

A'bad, GUJ

2019 - present

Work Experience

YBI Foundation

Machine Learning Intern

- It was an internship in Machine learning domain.
- I learned about machine learning types and its applications.
- learning was implemented in Couple of projects of ML.

Delhi, India

Feb 2022 - Apr 2022

Affiliate with Microsoft India, Future ready talent, NASSCOM

Microsoft Student Virtual Internship

- Learned about Microsoft azure's different services and applications.
- Prepared a project having Azure app service and Database service.

India

Jan 2022

Skillvoid, IIT Roorkee

Data Science Intern

- Learned basics of Excel, PowerBI, Tableau, SQL and python.
- Worked on data science Projects.

India

June 2022 - Jul 2022

Silverwing Technologies Pvt. Ltd.

Web Design Intern

- Internship included Learning of HTML, CSS, Bootstrap, JavaScript and frameworks and its implementations.
- Worked on Project Development with Company during 6 Months.

Gujarat, India

Jul 2019 - Dec 2019

Projects

Virtual Health Care

Dynamic Web Project

- It is a web project which connects doctor and patients virtually without physical contact.
- We have used HTML, CSS, JS, PHP and SQL technologies for frontend and backend.

2022

Student Placement Prediction Mini Project

Machine learning mini project

- Analysing marks of student and give result of their chance to get placed or not.
- SVC algorithm is used to build this model.
- Kaggle dataset is used for training.

2021

Diabetes Detection Mini Project

Machine learning mini project

- Analysing data of patients and predict the result that patients have diabetes or not.
- SVC algorithm is used to build this model.
- Kaggle dataset is used for training.

2022

Skills

Programming Python (Pandas, PyTorch, NumPy, Scikit-learn. etc.), JAVA, PHP, C, HTML/CSS, JavaScript, SQL.

Tools Linux, Tableau, Microsoft Office, Git.

Soft Skills Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.

Interests

• Cricket • Football • Politics • History Reading

Languages

English Professional proficiency
Gujarati Native proficiency
Hindi Professional proficiency

Courses Certifications

Analyze Data to Answer Questions Course

Coursera

Mar 2022

- It was data analysis certification course from google.
- Concepts of SQL and database were used and applied.

Excel automation and Analysis

Internship Studio

India

Aug 2020

- Different features and functions of Excel were taught by industry expert.
- Internship included Work on real project, i worked on creating dashboard for analysis of company sells.

AI Fundamentals (AI-900)

Microsoft Certified

India

Dec 2022

- Microsoft Certification I525-5431. Score:916

Data Fundamentals (DP-900)

Microsoft Certified

India

Dec 2022

- Microsoft Certification I527-1150. Score:833
